

Here is my Audax Report for AGM distribution:

### **CTC CHELTENHAM AGM 2020 – AUDAX REPORT**

Our Cheltenham Flyer 200 and supporting 150km and 100km events were scheduled for Sat 21<sup>st</sup> March. As the coronavirus was taking effect and the Government were taking protective action, sporting events were cancelled during the week leading to the events. Audax UK suspended all event validations wef 18th March. Our events were suspended with a thought to hold them later in the year, as sport resumed.

We were authorised to resume riding Permanent Audax rides on 1st August and later, on 5<sup>th</sup> September, Calendar events.

I opted not to resurrect the Flyer this year and to provide options for the entries to include: refund, transfer to 2021 or gift to Charity. Until the country returns to ‘Normal’, we will have restrictions on how we organise our events.
