

## **Social Secretary's Report.**

The year started traditionally with the Annual Lunch which was less well attended than previous years though nevertheless enjoyed by the 29 attendees.

Our venue for some years Brickhampton Golf Club had received a number of complaints about people in LYCRA! 😊 and bikes "strewn" around the clubhouse. Long story short we decided to seek a new venue. The Star College was chosen and offered a greatly superior venue including secure indoors bike storage, an excellent menu and facilities and the icing on the cake a DOWNHILL return to Cheltenham! 😊 Hopefully we will enjoy all these benefits in 2021.

So our winter curry evening went ahead and was the usual success and then ..... lockdown etc etc etc relieving your Social Secretary of all further duties 🙏

Hoping for a busier 2021!

## **Treasurer's Report**

At this year's Cycling UK AGM the decision was made to move our financial year from October 1st to September 30th to April 1st to March 31st. Therefore in addition to Covid greatly reducing financial activity in our section I have no "official" report until next April 2021 when the accounts will be for 18 months. That said due to costs of trophies, subsidising of our Curry night and some unrecoverable costs due to cancellation of the Cotswold Weekend club funds declined by approximately £220.
