

Social Secretary Report

The past year saw the club return to normal with the usual runs list plus our first social event the annual barbecue reinstated to its usual venue of Geoff Bailey's garden on July 31st. Many thanks to Geoff and Kat for hosting and doing all the hard work. Special mention to Mike Bloxham for assisting with disposal of some beer residue.

In addition Geoff organised a self funded skittles evening at the cricket club with some other members helping with catering.

Both events were a great success. Your social secretary is happy to continue in post for another year and publicise whatever Geoff Bailey plans in 2022/23!

Plans for a curry night in February 2022 had to be cancelled as George at the motor club was unable to prepare her delicious curries due to ill health.

In the coming year Geoff Bailey has highlighted the Queen's Platinum Jubilee will be celebrated with food and drink at the Cricket Club on June 5th. This will be enjoyed following a 70 mile ride for those wishing to take part more details shortly.

Currently we are in discussion with Star College as venue for our annual anniversary lunch to take place on either September 26th or October 3rd.

As ever anyone with ideas for social events please let me know.

Treasurers Report

Costs of social events were minimal this year and with little additional activity the club achieved a small surplus of £75.

The accounts have been signed off by our auditor Alistair Hardy and submitted to Cycling UK.

I am hoping for a slightly busier year as treasurer in 2022/23
