

Cheltenham CTC AGM 2025

Secretary Report

Another busy year which has seen a few changes and improvements.

We've welcomed a lot of new members this year. It's good to see existing members welcoming new riders into the club.

The website has also had a bit of a makeover, after last years technical issues. We now have a full calendar of rides on the site. The next step will be to create an editing tool to allow the Runs Secretary and Rider Leaders to add and update rides.

The committee has met 6 times, and whilst we have a good core of members, it would always be nice to see new members join the committee to help grow and improve the club.

Over the next 12 months, we plan to carry out an audit of members. So a reminder to check if you're a Cycling UK member!

Here's to another 12 months of cycling!

James Nunnerley
Secretary & IT Officer
