

Cheltenham CTC AGM 2025

# Social Secretary Report

I am pleased to provide an update on our social activities, reflecting the successes and progress we have achieved together over the past year.

## 1. Summer BBQ Success

Our annual Summer BBQ was held last year and proved to be a fantastic event, enjoyed by all who attended. I would like to extend our deepest gratitude to Geoff and Katrina Bailey for their generosity in hosting the event. Their efforts created a welcoming and lively atmosphere, setting a high standard for future gatherings.

## 2. Christmas Skittles Event

The Christmas Skittles evening at the Cricket Club was another highlight of our calendar. This year, we opted to change the format from a competition with the County to games of 'Killer.' The new format kept everyone engaged and entertained throughout the evening. Based on the positive feedback received, we will continue with this approach moving forward.

## 3. Introduction of the Walking and Talking Group.

I am delighted to announce the creation of a new 'Walking and Talking' group. This group meets on alternate Wednesdays and has been steadily growing in popularity. It provides an excellent opportunity for members to connect, enjoy the outdoors, and engage in conversations beyond cycling.

I look forward to seeing this initiative flourish further in the coming months.

Thank you all for your continued support and participation in our club's social activities. Together, we are building a vibrant and inclusive community that enhances the overall experience for our members.

Michael Bloxham
